**President  
U.S. and India**

**Donna Morea joined CGI in 2004, following the merger with American Management Systems, Inc. (AMS), as President, U.S. and India.**

As a member of CGI's senior management team, she leads the United States business and the global delivery operations in India. Clients include large organizations in government, healthcare, financial services, telecommunications, utilities and manufacturing, retail and distribution. Ms. Morea began her career at AMS in 1980 and has more than 25 years experience building IT consulting practices that focus on strategic, enterprise-wide solutions for public sector customers.

Ms. Morea serves as the Chair of the Northern Virginia Technology Council, the membership association for the technology community in northern Virginia. She also serves as the Secretary of the Board for the George Mason University Foundation, Inc. Board of Trustees. Additionally, she is a trustee with the Committee for Economic Development (CED) and serves on the board of directors for Crossway Community, a nationally recognized innovator in enabling families to achieve self-sufficiency. Most recently, Ms. Morea has become a member of the Wesleyan University Board of Trustees.

She is the recipient of numerous awards, including the Corporate Leadership Award from Women in Technology, the Private Sector Excellence award from the Association of Government Accountants, and the Fed 100 award. In 2008, she received the prestigious Eagle award and the Northern Virginia Community Foundation's (NVCF) Community Leadership Award.

Ms. Morea holds an MBA from the Wharton School of Business at the University of Pennsylvania and a BA with high honors from Wesleyan University.

## CGI profile

Founded in 1976, CGI is among the largest independent information technology (IT) and business process services firms in the world. CGI and its affiliated companies employ approximately 27,000 professionals based in over 100 offices in 16 countries. CGI provides end-to-end services to clients worldwide, utilizing a flexible and cost efficient delivery model that combines on-site and off-site operations.

## Services and capabilities

From providing consulting and systems integration services to managing IT and business functions on behalf of our clients, CGI provides an all-encompassing offering that includes the planning, design, implementation and management of highly effective IT environments. Our global delivery capabilities include onsite, home-shore, near-shore and off-shore options, giving our clients the flexibility to choose the model that best meets their needs.

Through our vertical expertise in financial services, government and healthcare, telecommunications and utilities, retail and distribution and manufacturing, we provide clients with a partner that is not only expert in IT, but expert in their industries. This combination of business knowledge and technology expertise allows us to help our clients adapt as their industries change, and in the process, allows us to help evolve the industries in which we operate.
