

John G. Campbell

**Senior Vice-President and General Manager
Communication Services Business**

John G. Campbell joined CGI in January 2000, following a 23-year career with Bell Canada, and is currently Senior Vice-President and General Manager of the Communication Services Business.

Mr. Campbell is responsible for providing world-class services in information technology and business process services through a multi-year outsourcing agreement to BCE, Canada's largest communications company.

While with Bell Canada, Mr. Campbell held a variety of leadership positions across the organization, working with teams to implement innovative business solutions that streamlined business processes to deliver increased value and cost efficiencies.

Since joining CGI, he has successfully grown both the relationship and business levels with the BCE family of companies, initially as Senior Vice-President of Business Development and subsequently, as leader of the business unit.

Mr. Campbell is a member of CGI's Management Committee and serves on various other committees throughout CGI.

CGI profile

Founded in 1976, CGI is among the largest independent information technology (IT) and business process services firms in the world. CGI and its affiliated companies employ approximately 27,000 professionals based in over 100 offices in 16 countries. CGI provides end-to-end services to clients worldwide, utilizing a flexible and cost efficient delivery model that combines on-site and off-site operations.

Services and capabilities

From providing consulting and systems integration services to managing IT and business functions on behalf of our clients, CGI provides an all-encompassing offering that includes the planning, design, implementation and management of highly effective IT environments. Our global delivery capabilities include onsite, home-shore, near-shore and off-shore options, giving our clients the flexibility to choose the model that best meets their needs.

Through our vertical expertise in financial services, government and healthcare, telecommunications and utilities, retail and distribution and manufacturing, we provide clients with a partner that is not only expert in IT, but expert in their industries. This combination of business knowledge and technology expertise allows us to help our clients adapt as their industries change, and in the process, allows us to help evolve the industries in which we operate.
