

# Michael E. Roach

## President and Chief Executive Officer

**Michael E. Roach was appointed President and Chief Executive Officer of CGI in 2006. He is responsible for overseeing the company's worldwide operations, as well as managing all global corporate functions including finance, technology, corporate services, marketing and business engineering.**

From 2002 to 2006, Michael Roach was President and Chief Operating Officer of CGI. In 2004, under his leadership, CGI completed its largest acquisition – acquiring American Management Systems (AMS) for CDN\$1.1 billion dollars – successfully integrating 4,800 professionals worldwide into its operations.

In 1998, Michael Roach spearheaded the merger of Bell Sygma into CGI, doubling the size of CGI. On joining CGI, he assumed the role of Executive Vice-President and General Manager, Telecommunications Information Systems and Services.

Michael Roach's earlier career with Bell Canada spanned 25 years. In 1998 he served as President and Chief Executive Officer of Bell Sygma Inc., a Bell Canada subsidiary formed to provide services to Canada's full-service telecommunications companies. Prior to this, he held a variety of leadership positions with Bell Canada.

Mr. Roach sits on the board of directors of CGI, the Conference Board of Canada, The Conference Board, Inc. (U.S.) and Innovapost. He is a member of the Canadian Council of Chief Executives and the Laurentian University's President's Advisory Council. He holds a Bachelor of Arts degree in Economics and Political Science, as well as an Honorary Doctorate in Business Administration from Laurentian University in Sudbury, Ontario.

### CGI profile

Founded in 1976, CGI is among the largest independent information technology (IT) and business process services firms in the world. CGI and its affiliated companies employ approximately 27,000 professionals based in over 100 offices in 16 countries. CGI provides end-to-end services to clients worldwide, utilizing a flexible and cost efficient delivery model that combines on-site and off-site operations.

### Services and capabilities

From providing consulting and systems integration services to managing IT and business functions on behalf of our clients, CGI provides an all-encompassing offering that includes the planning, design, implementation and management of highly effective IT environments. Our global delivery capabilities include on-site, home-shore, near-shore and off-shore options, giving our clients the flexibility to choose the model that best meets their needs.

Through our vertical expertise in financial services, government and healthcare, telecommunications and utilities, retail and distribution and manufacturing, we provide clients with a partner that is not only expert in IT, but expert in their industries. This combination of business knowledge and technology expertise allows us to help our clients adapt as their industries change, and in the process, allows us to help evolve the industries in which we operate.
