Corporate profile

Founded in 1976, CGI is a world-class leader in information technology (IT) and business process services. Through our focused industry expertise in financial services, government, healthcare, telecommunications, utilities, retail, distribution and manufacturing, we offer end-to-end services including systems integration, strategic consulting, business solutions and the full management of IT and business functions.

Backed by a rich heritage, global delivery capabilities and a strong financial position, CGI has a solid track record of on-time, on-budget delivery and high-value repeat performance. Rooted in quality and management processes, our goal is to fully meet client objectives, serving as an accountable, flexible and objective partner.

We approach every engagement with one objective in mind—to help clients win and grow.

Business solutions through information technology™
