CERTIFICATIONS

CMMI Level 5

In 2005, CGI's India operations obtained the highest quality level rating of the Software Engineering Institute's (SEI) Capability Maturity Model (CMMI Level 5) for its software process capability.

CMMI Level 3, version 1.2

In 2007, CGI's centers of excellence in Montreal and Quebec City specializing in application development obtained CMMI Level 3, version 1.2 certification, as defined by the Software Engineering Institute's Capability Maturity Model® Integration (CMMI).

CMMI Level 3

In 2007, CGI's Atlantic Global Delivery Center (AGDC), located in Halifax, Nova Scotia, and Charlottetown, Prince Edward Island, attained CMMI Level 3 as defined by the Software Engineering Institute Capability Maturity Model® Integration (CMMI). In 2010, CGI's AMS Advantage® ERP software engineering group attained this certification.

ISO 9001 Certified

In 1994, CGI became the first North American company in its category to secure ISO 9001 certification for its Project Management Framework. Continuing a rich tradition of quality assurance, CGI has achieved this certification for its entire CGI Management Foundation, covering its three major stakeholder groups—clients, members (the term CGI uses for employees) and shareholders.

Run SAP® methodology

CGI is the first SAP services partner to achieve this certification in Canada. In January 2011, CGI has been certified by SAP AG in using the Run SAP® methodology to perform solution implementation for customers. As such, CGI will implement end-to-end solution operations standards for clients, delivering enhanced efficiencies, reduced downtime and costs.
