# Management Consulting

## OUR APPROACH

Working closely with our clients, CGI tailors our services framework to clients' specific needs and proposes innovative strategies based on industry-leading practices. CGI then offers assistance with or takes full responsibility for the implementation of the strategy and recommendations.

## OUR SERVICE FRAMEWORK

- Results focused
- Comprehensive
- Modular and tailored
- Seamless

Demographic shifts and globalization impact all types of businesses. Evolving environments require up-front management expertise to ensure ongoing competitiveness, efficiency, innovation and regulatory compliance. CGI Management Consulting helps you face your complex business challenges with confidence.

Faced with the challenge of transforming a business, it helps to have the right business partner. For more than 30 years, CGI has established an outstanding track record in information systems outsourcing and consulting. Along the way, we've learned what it takes to transform a business and to deliver outstanding results consistently. CGI management consulting has been a major part of this success. Our core objective: to partner with you to achieve your business transformation.

## Our services

CGI management consulting provides a full suite of expertise and services to guide you through the full lifecycle of a major transformation initiative or through a specific step. Our global services framework is modular and flexible so that projects can be tailored to your exact needs.

## Our people

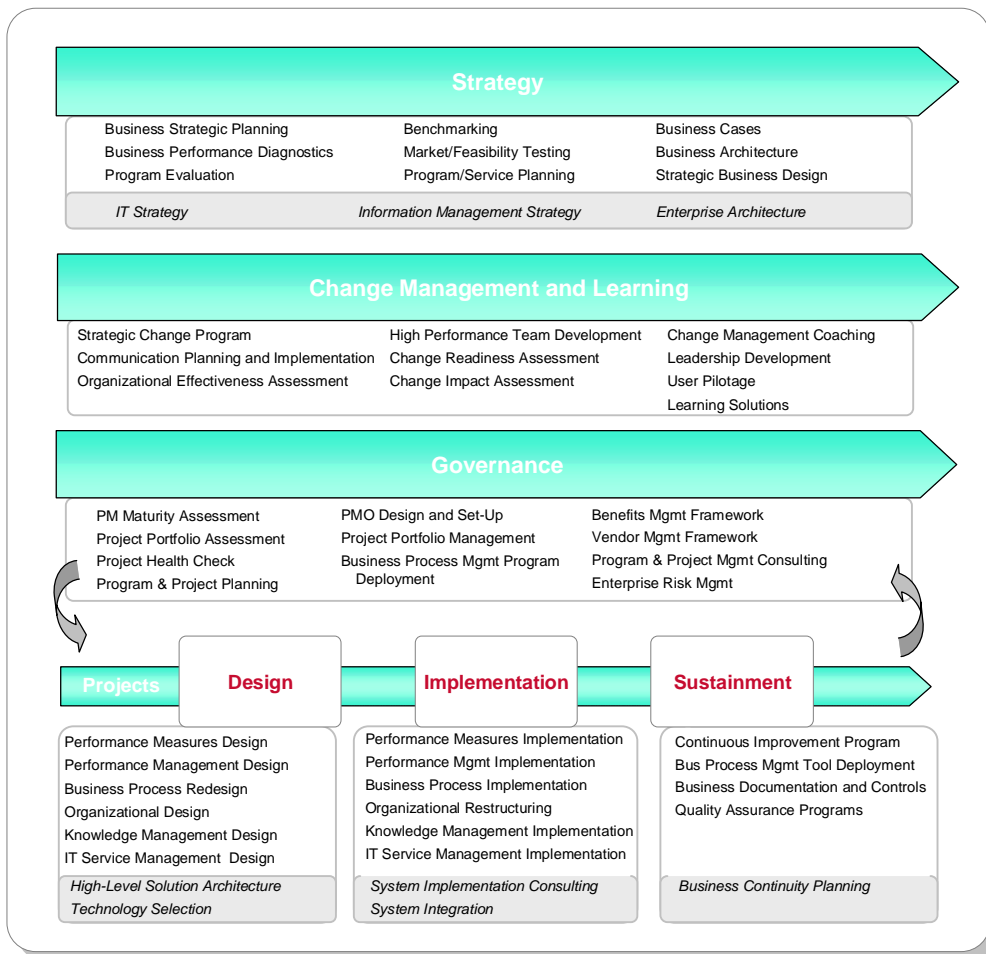

CGI management consultants are a special breed—seasoned, down-to-earth implementers of business change with solid change management skills. In the end, they are the ones you will ask for by name and remembered because they helped you achieve your most successful initiatives—the initiatives that took your business in a new, stronger direction and engaged your people in the journey.

## Our results

As many clients can attest, faced with the challenge of transforming a business, CGI management consultants work as true partners to produce a lasting impact on business performance. We tackle your most complex problems and produce bottom-line results.

## Global management consulting services framework

CGI partners with clients to achieve their business transformation.

## COMPANY PROFILE

At CGI, we're in the business of satisfying clients by helping them win and grow. For more than 30 years, we've operated upon the principles of sharing in clients' challenges and delivering quality services to address them.

As a leading IT and business process services provider, CGI has a strong base of 31,000 professionals operating in 125+ offices worldwide, giving us the competitive advantage of close proximity to our clients. Through these offices, we offer local partnerships and a balanced blend of global delivery options to ensure clients receive the optimal combination of value and expertise required for their success.

We define success by helping our clients achieve superior performance and gain competitive advantage.

## Services framework value proposition

**Comprehensive:** Supporting every stage of your business transformation

**Modular and tailored:** Configurable according to specific needs along your transformation continuum

**Seamless:** Ensuring clean hand-offs between project stages and between business and IT professionals

**Results-focused:** Identifying and implementing improvement opportunities at various levels of investment and complexity

**Built for lasting impact:** Developing your staff's skills to not only sustain operational improvements, but also to leave your organization with the capability to create similar results in other projects
