## CGI Edge™ Billing

### YOUR EDGE FOR BILLING MANAGEMENT

#### Energize your Billing Processes

With CGI Edge, you can bring the power of processing to any user, anywhere, anytime – improving efficiency and providing your enterprise with superior productivity and flexibility.

#### Features

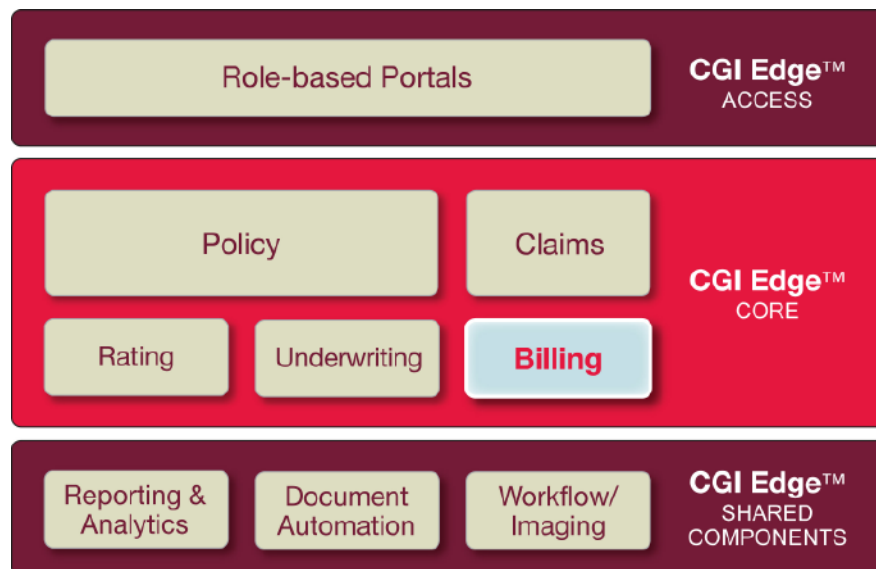

- \_ Direct Bill
- \_ Split Bill
- \_ Audit Billing

#### About CGI Edge

CGI Edge is a robust, flexible insurance administration system offered by CGI on both a licensed and application service provider basis. CGI Edge provides modules for managing policy, claims, premiums, reinsurance, commissions and producers for all facets of the property/casualty industry.

CGI Edge™ Billing provides a winning combination of leading-edge technology with industry-recognized best-in-class functionality. Using the CGI Edge Billing component, you can easily adapt to the changing marketplace, promote efficiency in your environment, and put intuitive tools in the hands of your users.

CGI Edge™ Policy offers powerful, user-friendly functions for the full lifecycle of a policy. As its integrated billing component, CGI Edge Billing provides flexibility for you to bill policies on a direct, split or audit billing basis. In addition to manual payment processing, CGI Edge Billing is fully integrated with 3rd party applications for credit card, debit card, electronic check, and lock box transactions.

#### Benefits

- \_ Automates the billing and payment processes to reduce manual work by your users.
- \_ Provides powerful reporting features to allow you to balance premiums to accounts receivable as well as reporting a variety of fees and other billing charges.
- \_ Automates the account current process and provides immediate online access to agency balances, payments and reconciliation.
- \_ Reduces the need for manual notifications, since all premium-bearing transactions initiated through Policy are automatically processed through Billing.

## System features

CGI Edge Billing offers fully integrated functions for Direct Bill, Split Bill, and Audit Billing. Payments related to new business, endorsements and cancellations, commissions, credit card payments, overpayments, insufficient funds notices and stop payments are included in CGI Edge Billing.

Direct bill provides for highly automated billing of insureds, mortgagees, or alternate payors. Multiple pay plans, NSF charges, cancellation dates, service fees, and other billing parameters are maintained in user controlled tables.

CGI Edge Billing provides accounting staff the ability to enter agency receivables throughout the month, as well as generate reconciliation and account current statements as of 'now' online throughout the month.

## Reporting capabilities

CGI Edge's month-end processing generates several billing related reports:

- \_ Premium to accounts receivable balancing
- \_ Miscellaneous fees by state/province
- \_ Service charges, NSF fees, charge-offs, write-offs and premium refunds
- \_ Premium receivables report
- \_ Accounts receivables aging report
- \_ Charge-off and write-off list

## Operating environment

CGI Edge Billing is an n-tier, service-based solution. The rich, browser-based client runs on any operating system supporting Internet Explorer 6 or 7. The web/application server runs on Windows Server 2003 and IIS6. Oracle 10g is used in the data tier.
