STREAMLINING THE ORDERING PROCESS TO DELIVER TIMELY, COST-EFFECTIVE SERVICES

CGI Federal holds multiple GSA Schedule contracts that can be used by federal government agencies for professional services using numerous labor categories to meet requirements at the right level. They are open to all federal agencies and streamline the ordering process to reduce the time from initial contact to commencement of work.

GSA IT Schedule – Contract Number: GS-35F-4797H

Under the GSA IT Schedule, CGI Federal is able to supply a full range of state-of-the-art IT solutions, professional and electronic commerce services, and software licenses and maintenance.

The following four special item numbers (SINs) allow CGI Federal to provide a full range of services and solutions for total system needs: SIN 132-32: term software licenses; SIN 132-34: maintenance of software; SIN 132-51: information technology (IT) professional services; and SIN 132-52: electronic commerce (EC) services.

GSA MOBIS Schedule – Contract Number: GS-23F-9785H

Through the MOBIS Schedule, CGI Federal provides specialized consulting, facilitation, survey, systems integration and project management services to meet new developments in technology, the increase in the complexity of business problems, and a growing comfort level in outsourcing.

CGI Federal offers the following four SINs to government agencies that will help them to increase customer satisfaction and improve performance, quality, timeliness and efficiencies throughout their organizations: SIN 874-1: consulting services; SIN 874-2: facilitation services; SIN 874-3: survey services; and SIN 874-7: program integration and project management services.
