

Melissa Boudreault

Vice President for State Health Solutions

As Vice-President for State Health Solutions, Ms. Boudreault works with states and commercial carriers across the country in the development of blueprints and strategies for the Affordable Care Act and health care reform implementation. She advises state agency, legislative and advocacy leadership on the ACA, payment reform, and HIT transformation. In this role, Ms. Boudreault also speaks nationally on current trends and activities, as well as leading focused workgroups on planning, risk mitigation, sustainability, policy development, and stakeholder management.

As former leader of Dell's Health Care Reform practice and one of the founding Directors of the Massachusetts Health Connector, Ms. Boudreault has gained an unrivaled understanding of both the policy and technology requirements needed to build sustainable solutions for states and payers. She is an innovative, accomplished executive with an extensive background in start-up, implementation, and problem resolution in complex industries. Ms. Boudreault has a proven track record with building highly successful and sustainable organizations and programs, and she holds a bachelor's degree and a master's degree. Ms. Boudreault will contribute her insight into the strategy, design and implementation of Health Insurance Exchanges and the ACA to support the successful development and operation of the Washington Health Benefit Exchange project.

About CGI

At CGI, we are in the business of satisfying clients. For 35 years, we have operated upon the principles of sharing in clients' challenges and delivering quality services to address them.

A leading IT and business process services provider, CGI operates in 125 offices worldwide, giving us the competitive advantage of close proximity to our clients. Through these offices, we offer local partnerships and a balanced blend of flexible delivery options to ensure clients receive the combination of value and expertise they require.

CGI defines success by exceeding clients' expectations and helping them achieve superior performance.

Services and capabilities

From providing consulting and systems integration services to managing IT and business functions on behalf of our clients, CGI provides an all-encompassing offering that includes the planning, design, implementation and management of highly effective IT environments. Our global delivery capabilities include onsite, home-shore, near-shore and off-shore options, giving our clients the flexibility to choose the model that best meets their needs.

Through our vertical expertise in financial services, government and healthcare, telecommunications and utilities, retail and distribution and manufacturing, we provide clients with a partner that is not only expert in IT, but expert in their industries. This combination of business knowledge and technology expertise allows us to help our clients adapt as their industries change, and in the process, allows us to help evolve the industries in which we operate.
