EXPERIENCE
THE PATHWAY
TO CO-INNOVATION

Our Innovation Center is a hub of CGI's best cross-industry innovations from around the world. It is dedicated to accelerating clients' digitization by offering unique co-innovation capabilities to fuel applied and tangible innovation.

Start your innovation journey

Experience the pathway to **co-innovation**

The six dimensions of the **CGI Innovation Center in Montréal**

A hub of CGI's best innovations

Connect with CGI's world-class experts and discover the best worldwide innovations and use cases

An emerging technologies deep-dive

Immerse yourself into an emerging technologies universe and discover CGI's capabilities

A state-of-the-art Innovation Design space

Brainstorm during design thinking sessions with Subject Matter Experts (SME's) and benefit from CGI's Innovation day methodology

A unique journey experience

Experience CGI's custom transformation model, and live an immersive transformation simulation

A co-innovation factory

Generate tangible innovations tailored to your needs, based on industry and sector expertise and CGI's IP solutions

A multi-functional space

Meet, test, learn and collaborate at the heart of innovation, whether you are a client, a partner, or a professional from CGI

Emerging technologies we showcase

- Advanced Analytics & Artificial Intelligence (AI)
- Machine Learning (ML)
- Natural Language Processing (NLP)
- Blockchain
- Robotic Process Automation (RPA)
- Internet Of Things (IoT)

Industries use cases we display

- Financial Services
- Retail
- Manufacturing
- Transportation
- Government & Cities
- Utilities
- Cross-industries

A three-step approach

Experience

Our team will immerse you in a transformation simulation called “**Transformation by Innovation**” designed to reveal new possibilities and help you simplify business challenges. Outcomes:

- Get industry insights
- Experiment with emerging technologies
- Frame your innovation opportunities

Engage

Come back with your team of experts for an **Innovation day**, where you will take advantage of our Design Thinking approach. Outcomes:

- Develop your innovation roadmap
- Identify your transformation's accelerators
- Prioritize your strategic initiatives

Co-innovate

We accelerate experimentation through a co-innovation factory PoC approach. Outcomes:

- Prototype and test
- Evaluate CGI existing solutions and IP's
- Run PoC towards MVP

A word from **our clients**

“CGI enabled us to shift from a narrow vision focused solely on our organization to a broader user experience vision, allowing us to prioritize the most critical issues.”

Chief Innovation Officer,
Government Industry

“The visit was truly immersive! We discovered CGI's applied innovations and emerging technologies from multiple industries, with a focus on retail that gave us a new perspective on how to optimize our warehouse management.”

Chief Information Officer,
Manufacturing Industry

The key benefits of the **Transformation by Innovation** journey

Explore key innovations, use cases, and emerging technologies related to various industries without getting lost in technological complexity

Experience an hands-on, interactive, and memorable visit through virtual & augmented reality and AI among others

Build a strategic vision of your industry's future and digital transformation strategy

Accelerate the development of innovative ideas and trigger co-innovation

Start the conversation
with our experts

“We exist to inspire our clients - one innovation at a time - to unlock creativity and transform paradigm-shifting ideas into tangible innovation.”

Florin Filip
Director, CGI Innovation Center in Montréal

“Inspiring, imagining, valuing and incubating innovation ... that’s the challenge we take up every day with our clients.”

Lionel Descombes
Director, Innovation

12+
