

Sunflower Federal Property Management Solutions

Federal agencies are entrusted with physical and financial stewardship of the nation's assets. Agencies often find the tactical responsibilities of complying with government mandated property control and accountability overwhelming. Organizations rely on Sunflower solutions to manage property for which they are responsible.

CGI Federal's Sunflower solutions provide a range of services and tools for agencies to innovatively manage their personal and real property. Sunflower also offers powerful mobile capabilities, relieving managers of the need to stay office-bound while entering or accessing data. CGI Federal brings a versatile mix of software, consulting expertise and services to meet any property management need.

INNOVATIVE FEDERAL PROPERTY MANAGEMENT SOLUTIONS

These solutions cover more than just the standard needs and include:

- Vehicle management with FAST/VLD reporting
- PIV card management
- Firearms and ammunition management
- Configuration management
- Sensitive asset management

Asset Management Advisory Services

Improving asset accountability, auditability and visibility across an organization starts with a detailed evaluation of a current environment with Sunflower Asset Management Advisory Services. Our personal and real property management expertise will help improve your ability to support mission requirements and comply with financial and physical government regulations through planning, policies and procedures, process engineering and technology.
