

Affinity groups engage members locally and nationally

Working Caregivers

Established 2020; 75+ members | To help support one another, strategize on how to balance work and family needs, and promote resources to take care of ourselves and our family members with an initial focus on addressing challenges due to COVID-19.

Pride@CGI

Established 2018; 350+ members | To foster a welcoming and inclusive environment for U.S. members (U.S. CSG & CGI Federal) of all sexual orientations, gender identities and gender expressions.

Women's Forum

Established 2016; 700+ members

To accelerate the advancement of women working at CGI. By sharing information, best practices, education, and experiences, we will connect with one another to develop the leadership skills and career advancing opportunities required for all members to influence CGI's success.

Mental Health Matters

Established 2020; 150+ members | To de-stigmatize mental health challenges and improve our mental health through education, awareness, resources and discussions.

Black Member Alliance

Established 2020; 125+ members | To spark change and serve as a catalyst to for CGI's black members and allies. We will engage and collaborate across CGI to initiate and/or support activities in the four key areas: internal education, mentoring and networking, monitoring and accountability and partnership in our communities.
