

CGI at a glance

Business success isn't just about where you'll go and how you'll get there. It's also about who you'll team with. We are committed to making our story about you and your successful journey, serving as an insightful and resourceful partner.

Our approach is what sets us apart.

Client proximity

We build lasting, trusted relationships by embedding operations within your metro markets and working together to serve as caring neighbors. Our experts draw on a diverse global network to bring the right talent, innovation and scale to every engagement. Using a collaborative style and consultative approach, we help you envision and plan for new possibilities.

Industry expertise

With deep expertise in technologies and the industries we serve, our consultants help navigate complex challenges with practical solutions. We develop blueprints that map your industry's operating architecture to our offering roadmap to ensure we customize and adapt solutions for your unique needs. As industry lines continue to blur, we also bring forward lessons learned and innovation solutions from our work across industries.

Range of services

Our secure and flexible end-to-end services include strategic IT and business consulting, systems integration, IT managed services and intellectual property solutions. Our business consulting focuses on ways to improve business agility and manage change, for example, while our intellectual property helps accelerate innovation. We use our systems integration capabilities to advance clients' IT modernization efforts, and our managed IT and business process services help clients mitigate cost pressures while driving more value from their technology supply chains.

Supporting your successful journey.

We are committed to driving engagements more accountably and responsively than any other company of our kind.

In all we do, our goal is to build trusted relationships through client proximity, providing industry and technology expertise and end-to-end services to help you meet the needs of your customers and citizens.

With more than four decades of sustained growth, our financial strength is a testament to the trust of our clients, the expertise and dedication of our consultants, and the sound principles by which we operate.

We drive operational excellence through the CGI Management Foundation, which aligns our operations through common principles, processes and frameworks to provide quality at scale. This provides the confidence you need to partner with CGI as your full-service provider, serving your needs today and into the future.

In all we do, we are committed to doing our part to build a more inclusive and sustainable world, helping the communities in which we and our clients work and live. (Learn more through our [2020 CSR report](#).)
