

We support business strategies to improve decision-making, core operations, digital leadership and citizen engagement. Concentrating on customer value and operational excellence, our human-centered approach charts the path for positive transformation.

Creating a path for future growth and sustainable value

Over the past four decades, CGI has grown into one of the world's largest business and strategic IT consulting companies. In rapidly changing times, we help federal agencies solve mission-critical business challenges, design the plans for and implement the transformations to their desired state and leverage emerging technologies and data insights, enabling an agile approach for future growth and sustainable value.

Organizational and Change Management (O&CM) Consulting

The value our consultants deliver

In-depth agency knowledge and experience

We understand your unique market opportunities and collaborate closely with you to design a meaningful strategy that combines your agency objectives with agile decision-making and mission-driven action.

Close collaboration

We work side by side with you to understand and unlock the full potential of your agency and talent. Our consultants help you to design and build flexible and resilient business and operating models. We also deliver mission-critical change management that enables your success.

Trusted partnership

As trusted advisors, we provide the business insight, leadership and innovation required to help you build a human-centered federal organization that holistically integrates business, technology and culture to drive your performance. We collaborate with you to ideate, iterate and implement at every stage of your transformation journey.

End-to-end capabilities

Taking full advantage of our end-to-end capabilities, we help decision-makers decipher emerging technology trends, drive actionable innovation and support their agencies' missions as digital and IT leaders.

We help you
boldly set your
ambitions and
clearly define your
future course with
confidence
through
insights-driven
management
consulting.

About CGI

Founded in 1976, CGI is among the largest IT and business consulting services firms in the world. We are insights-driven and outcomes-based to help accelerate returns on your investments. Nearly 7,000 of our experts help the U.S. federal government achieve comprehensive, scalable and sustainable IT and business goals. We enable our clients to execute digital transformation, build the federal workforce of the future, achieve operational excellence, enhance citizen engagement and protect America's assets. As the federal government faces unprecedented challenges, we remain committed to enabling its success, using our deep understanding of clients' goals and mission-essential needs to provide consultative insights and develop solutions for maximum results.
