CGI Fly to Oracle Cloud

Packaged services for our clients to start their journey to Oracle Cloud in a fast and secure way. Solutions on hybrid architectures combining Oracle Infrastructure and Platform. Part of this portfolio is included in the Boost your cloud initiative, led by Oracle.
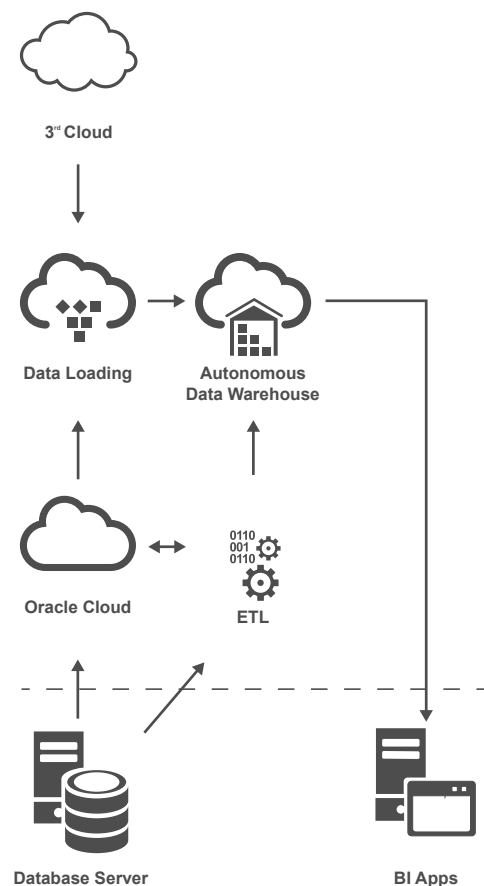

Database

Enjoy a fully scalable, simple, flexible and highly available cloud database. Implement from small databases to high-performance needs. You can even opt for autonomously managed and automated databases, optimized for transactional or analytical environments.

Autonomous Data Warehouse

Migrate your Data Mart quickly and transparently or start a new project under a high-performance system based on Exadata. Manage your data in a fully autonomous and automated Data Warehouse that will allow you to focus on your business and save on tuning and maintenance costs. Autonomous Data Warehouse Cloud (ADW) offers us the possibility to scale our system instantly without stoppages.
