CGI Fly to Oracle Cloud

Packaged services for our clients to start their journey to Oracle Cloud in a fast and secure way. Solutions on hybrid architectures combining Oracle Infrastructure and Platform. Part of this portfolio is included in the Boost your cloud initiative, led by Oracle.
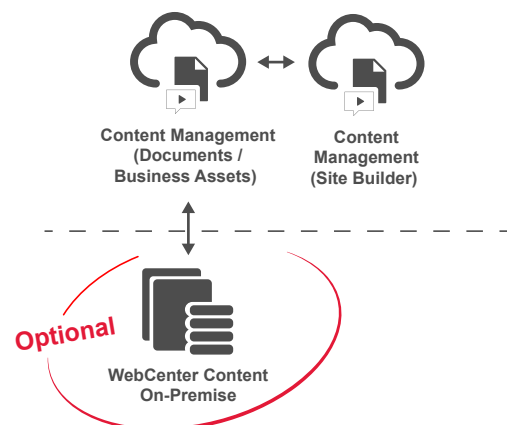

Content, Process & Mobile

Create and deploy mobile apps and smart chatbots that connect to any back-end system. Streamline processes and facilitate document management to simplify the day-to-day tasks of your employees, clients and partners who need to work from anywhere, any time and from any device.

Documents to OCI

Get the most out of Oracle Cloud by sharing business documentation inside and outside your organization, without losing control of the information. You can also benefit from the collaborative tools and great speed in the creation of websites.
