CGI Fly to Oracle Cloud

Packaged services for our clients to start their journey to Oracle Cloud in a fast and secure way. Solutions on hybrid architectures combining Oracle Infrastructure and Platform. Part of this portfolio is included in the Boost your cloud initiative, led by Oracle.
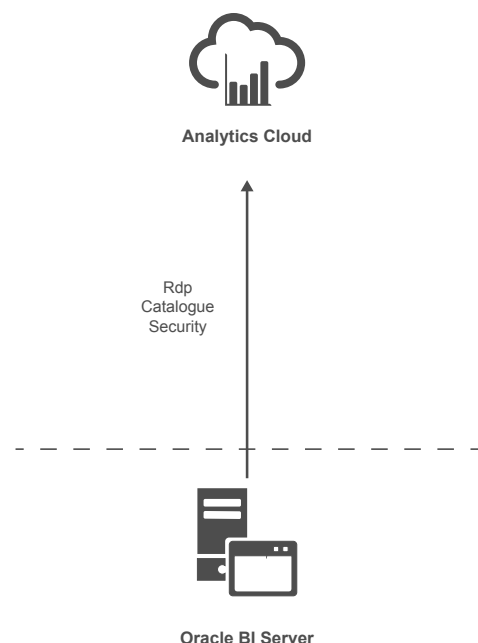

Business Analytics

Mobilize your data into the cloud and combine it with other sources, whether On-premise or in other clouds, to get the most out of your information through easy, secure and scalable visual analytics.

OBI 11g/12c migration to Analytics Cloud

After migrating to Oracle Analytics Cloud (OAC) you will be able to load your data and combine the results with data cross-referenced by IT through fast and visual analysis. You'll get the most out of it by instantly answering predictive and statistical questions through a free distribution of R. The upgrade from 11g and 12g to OAC includes improvements to the mobile experience and in-memory performance, which will simplify installation and configuration.

Pack steps

– Migration of the repository.

– Migration of the OBI catalogue.

– Migration of OBI security configuration.

– Functional testing up to 100 reports.

– Development guide and best practices.

– 1 training session.

Analytics Cloud

Rdp
Catalogue
Security

Oracle BI Server

Implementation

📅 3-5 weeks
