

## CGI Fly to Oracle Cloud

Packaged services for our clients to start their journey to Oracle Cloud in a fast and secure way. Solutions on hybrid architectures combining Oracle Infrastructure and Platform. Part of this portfolio is included in the Boost your cloud initiative, led by Oracle.

### Business Analytics

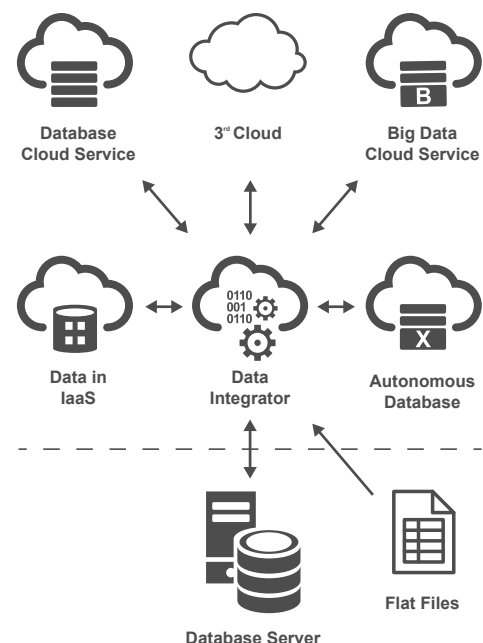

Mobilize your data into the cloud and combine it with other sources, whether On-premise or in other clouds, to get the most out of your information through easy, secure and scalable visual analytics.

# Oracle Data Integrator Cloud Marketplace

Enables moving and transforming large volumes of data between heterogeneous and Big Data platforms with hybrid architectures. It performs the transformation work directly on the source or target data source (E-LT). By implementing this pack you will have all its advantages in the cloud, facilitating your cloud integration and business intelligence projects.

#### Pack steps

- Provisioning of ODI Marketplace in OCI.
- Architecture design including Cloud Services.
- Development guide and best practices.
- Training for developers and administrators.
- Optional maintenance and support.

#### Implementation

3-5 weeks
