

# CGI Fly to Oracle Cloud

Packaged services for our clients to start their journey to Oracle Cloud in a fast and secure way. Solutions on hybrid architectures combining Oracle Infrastructure and Platform. Part of this portfolio is included in the Boost your cloud initiative, led by Oracle.

## Business Analytics

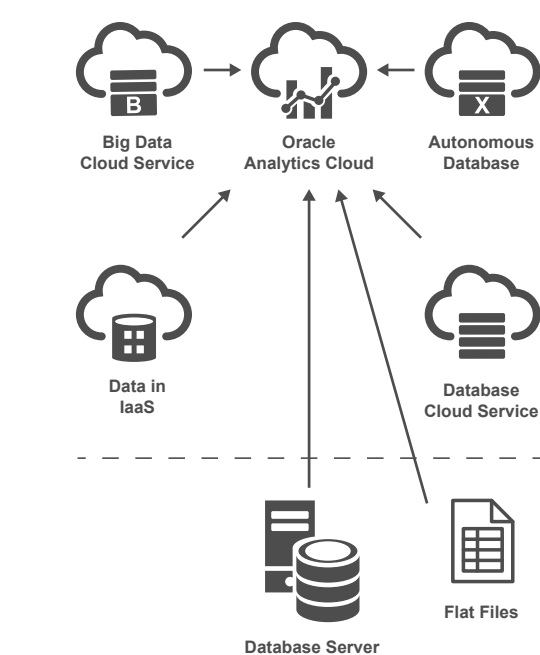

Mobilize your data into the cloud and combine it with other sources, whether On-premise or in other clouds, to get the most out of your information through easy, secure and scalable visual analytics.

# Self-Service Analytics Cloud

The tool that will help you understand your business data in a simple and visual way. Get accurate, predictive and consistent analytics with the agility you need.

### Pack steps

- Provisioning Oracle Analytics Cloud Professional (OAC Professional).
- Connection of OAC to a source system.
- Development of 1 project with 4 reports.
- 1 training sessions: presentation of the application and practical exercise.
- Documentation of the provisioning and training.

Implementation

2-4 weeks
