CGI Fly to Oracle Cloud

Packaged services for our clients to start their journey to Oracle Cloud in a fast and secure way. Solutions on hybrid architectures combining Oracle Infrastructure and Platform. Part of this portfolio is included in the Boost your cloud initiative, led by Oracle.
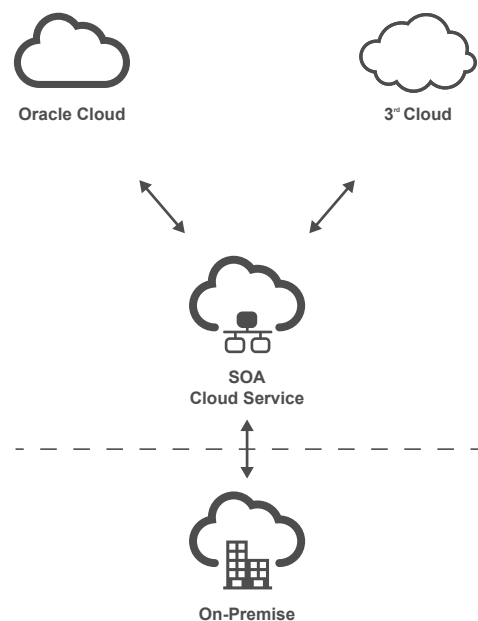

Integrations

Through cloud services you can integrate: your data using E-LT processes (extract, load and transform); its systems through modern services of integration of APIs and web services; your IoT devices managed with a real-time gateway. All this, integrated with your business applications On-premise or in the cloud.

SOA Suite Cloud

Thanks to Oracle SOA Suite for Oracle Cloud Infrastructure, you will have all the benefits offered by Oracle SOA Suite to implement SOA architectures in your datacenter. Likewise, you will be able to free yourself from the load due to the maintenance and support of the infrastructure, which will be undertaken by Oracle.

Pack steps

– Configuration of the Cloud components: Oracle SOA Suite.

– Architecture design including SOA Suite.

– Security modelling that includes the Cloud service.

– Development and publication of 5 services.

– Development of 3 BPEL processes (medium complexity)

– Functional and loading tests.

Oracle Cloud

3rd Cloud

SOA
Cloud Service

On-Premise

Implementation

4-5 weeks
