

CGI at a Glance

CGI is one of the world's largest independent providers of IT and business process services. We're familiar with our clients' industries, take a results-oriented approach, and help you boost your return on investments in your business and IT. We leverage our strong client focus to create trust-based relationships, and our industry and technological competencies help you satisfy the needs of your target groups. In a nutshell, we stand for "insights you can act on".

Our approach is what sets us apart:

End-to-End-Services

From business and IT consulting across system integration all the way to outsourcing, we help you define and successfully implement the right digital strategy.

Customized Solutions

With jointly developed solutions in areas including AI and sustainable technologies like the green cloud, we help our clients achieve desired results and boost the value of their business.

Customer Focus

We're represented in all of Germany's major metropolitan areas. This proximity enables us to establish a deep understanding of your business. In all cases, responsibility rests with a single individual.

CGI Management Foundation

Our guidelines, processes, and models ensure a consistently high level of quality the world over, generating on-time and on-budget results.

Global Network

Our offshore, nearshore, and onshore delivery centers allow us to optimally tailor our services to your needs.

48

years of successful client partnerships

Insurance	Space	Business Process Services	Managed Sourcing	Internet of Things	CGI Door James
Health	Transportation & Logistics	Managed IT	Future of Work	Sustainability	CGI TI Gateway
Manufacturing	Utilities				

Client Global Insights: our consulting expertise

Our strategic focus is on thoroughly understanding our clients and giving them sound advice. We therefore personally talk to around 1,700 business and IT managers each year, adding up to several thousand interviews over the last five years and generating more than a million data points. The knowledge amassed in this way is made available in the form of CGI Client Global Insights.

Excellent: in technology, consulting and sustainability

The latest brand eins survey once again placed us among the best German IT service providers.

In 2023 again, Forbes considered us to be one of the world's best management consulting companies.

In 2023, TIME Magazine assessed us as one of the best companies in the world.

We are among the most sustainable companies in categories including computing programming.

Whitelane Research put us among Germany's leading IT sourcing companies in 2023.

In 2023, IAOP ranked us as a "leader" in its Global Outsourcing 100 list for the 17th time in a row.
