CGI Federal at a glance

CGI

Federal leaders face rapidly evolving mission requirements and a complex technical landscape. You can count on CGI as a steadfast, innovative and agile partner in delivering measurable results.

At CGI, our teams have deep roots in the public sector, bringing a diverse range of capabilities and experiences and a rich historical understanding of government. Backed by a global organization that spans regulated industries and international governments, we deliver practical solutions to support your agency's mission.

We accelerate outcomes that move our nation forward.

Our 45+ year history serving federal customers gives us a unique vantage point from which to understand your challenges and move with agility to solve them. We operate at the intersection of bold thinking and disciplined execution to rapidly achieve uncommon outcomes on a massive scale.

We channel innovation to drive transformation with impact.

We inspire our clients to think differently with fresh perspective from diverse experts spanning government and global industry. Harnessing the latest innovations in data, artificial intelligence, machine learning and the internet of things, we help to drive lasting transformation across evolving mission environments.

We deliver when it matters most.

With an unwavering commitment to agency missions, we stand shoulder-to-shoulder with our clients, always at the ready to tackle your biggest challenges. Mission elevated by shared purpose is our mantra, delivering consistent value and measurable results.

Together, we elevate impact to drive lasting change.

United by our shared commitment to an equitable and inclusive workplace, we take actions that have visible, meaningful and lasting impact on our communities, our clients, our business and each other.
