CGI Sovera® Physician Credentialing

CGI
Experience the commitment®
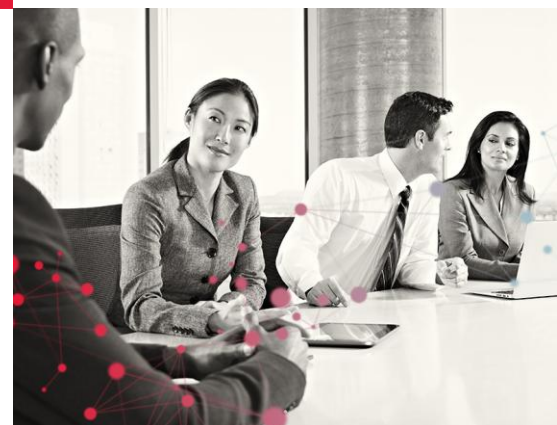

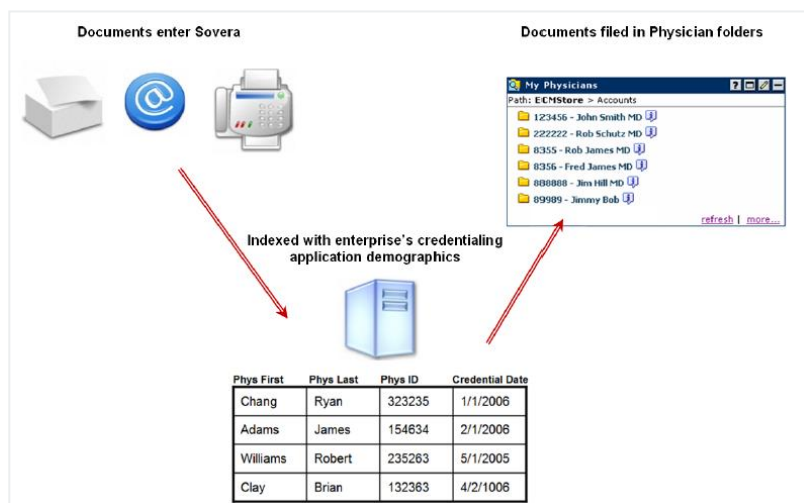

Say goodbye to your paper.

Benefits of the Sovera Physician Credentialing include:

- Allows for all forms of documents to enter the system including:
  - Scanned Paper Documents
  - Faxed Paper Documents
  - Electronic files sent via e-mail or on disk.
- Integrates with the enterprise's credentialing application or database for easy indexing of documents. No duplicate data entry!
- Through auto-generated document checklist, keeps track of incomplete applications and missing documents
- Sends automatic e-mail reminder letters to physicians who are missing applications/documents
- Through Image Enabling, allows users to view Credentialing documents (stored in Sovera) from within the enterprise's credentialing application or database
- Sends automatic e-mail alerting committee members of an application that is completed and available for viewing
- Allows simultaneous online viewing of applications by multiple committees
- Can e-mail or fax electronic files to those without access to system.
  - Generic Credentialing Application/Renewal
  - Quality Reports
  - Peer Reference Letters.

SOLUTIONS FOR THE HEALTH OF HEALTHCARE™

In the healthcare sector, CGI couples extensive industry expertise with a full range of services and delivery options. CGI understands healthcare industry trends and is a leader in developing innovative business and technology solutions that help healthcare payers, providers and government departments harness the power of technology to lower their costs and enhance productivity while improving the quality of care. We have built hundreds of client relationships, including:

- Federal, state and provincial health departments
- Regional boards and councils
- Major teaching hospitals and medical facilities
- Hospitals and health systems of various sizes and geographies
- Long-term care facilities
- Specialty hospitals, such as psychiatric, pediatric and cardiologic
- Community agencies
- Health plans.
