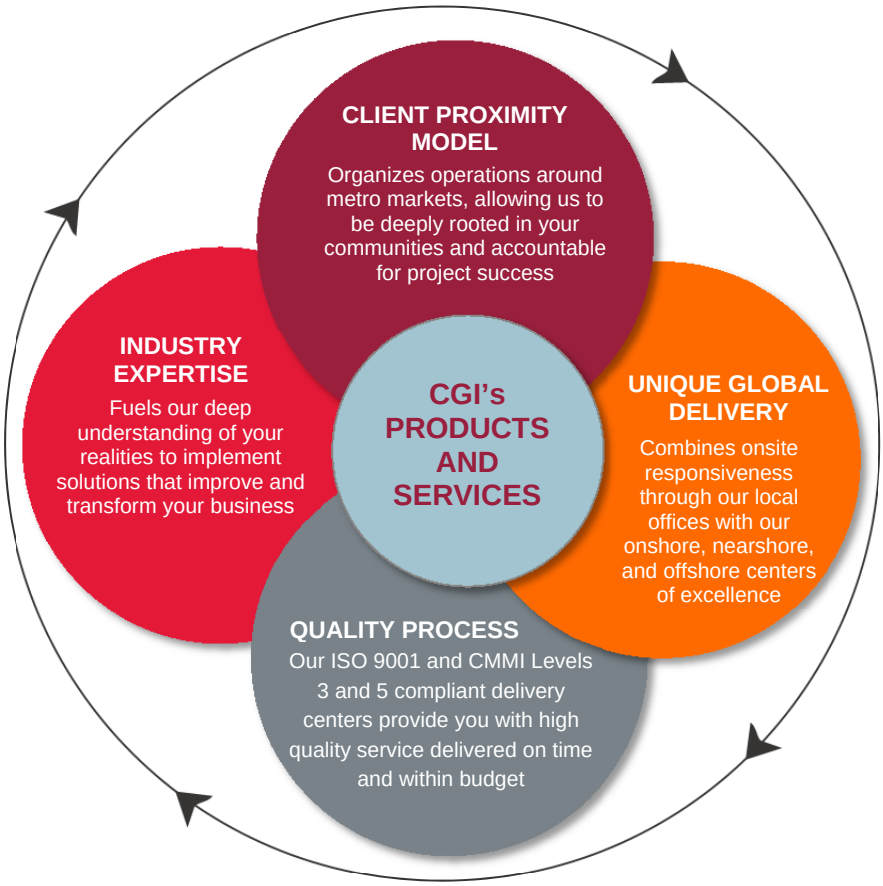
CGI Core Offerings for U.S. Insurers

CGI provides a full spectrum of flexible and adaptable insurance services, including IT and business consulting, systems integration, application management and development, infrastructure management, and outsourcing services, as well as a comprehensive suite of innovative IP-based solutions.

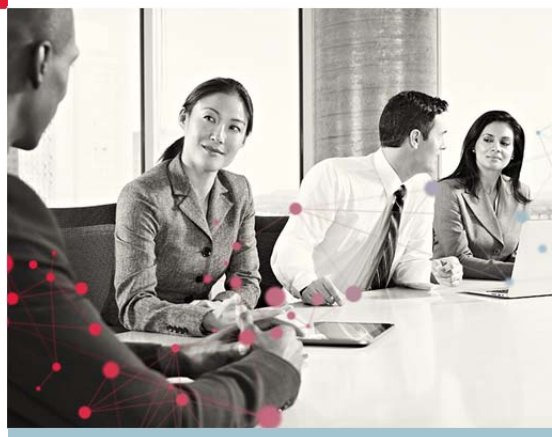
OUR DELIVERY APPROACH

It's not what we deliver but how we deliver that makes us a partner of choice.

Our delivery approach puts clients and their success first.



Through our onsite, nearshore and offshore delivery model, CGI is uniquely positioned to provide an unmatched talent pool with a competitive cost structure. We also help clients improve mobility, security, the end-user experience, customer loyalty and more through IT and business transformation.



CGI IN INSURANCE

CGI is the partner of choice for P&C insurers, brokers and agents across the globe. With 200+ clients, CGI supports 12 of the top 20 global insurers and processes more than 60% of direct written premiums in the United States.

CGI has a track record of successfully delivering insurance solutions for more than 35 years.

ABOUT CGI

Founded in 1976, CGI is one of the largest IT and business process services providers in the world, delivering high-quality business consulting, systems integration and managed services.

We combine innovative services and solutions with a disciplined delivery approach that has resulted in an industry-leading track record of delivering 95% of projects on time and within budget.

In the insurance market, CGI provides advisory practices that assess clients' current state and business goals to help them develop a roadmap for increasing return on value.

Our management consulting services focuses on the following areas:

- Customer experience
- Product life cycle management
- Operational excellence
- Transformational opportunities

As a demonstration of our commitment, our average client satisfaction score consistently measures 9 out of 10.
